CADathon

Structure

CADathon is an online CAD designing event in which each team should submit a single CAD design along with a detailed report within a specified time satisfying the given problem statement.

Rules and Regulations

- A maximum of 3 members per team are allowed.
- The members need not be of the same institute.
- Time for the event will be 24hrs.
- Softwares allowed for the event are PTC Creo, Catia, Solidworks, AutoCAD, Fusion 360.
- Downloading CAD designs from the internet is strictly prohibited and lead to disqualification.
- If more no. of teams/participants doesn't turn up, the prize money would be waived by 50%.
- Any final decision will be taken by organizing committee.

Tasks

- Supposed to give a suitable CAD design satisfying the problem statement which will be given just before the event.
- Participants should complete their design and submit a detailed report to validate their design and should upload the report along with the CAD file in the website (Website link will be sent to the registered teams just before the event)
- The website link will be closed after completion of the event

Evaluation criterion

Final Design will be evaluated based on these parameters.
1. The innovation of the solution proposed.
2. The material used and the total cost
3. Timespan

Prizes

- First prize : 6000 INR
- Second prize : 4000 INR
